

How to.... Get onto Hangouts - this works best in Google chrome and doesn't work in Internet Explorer. You can also download the Hangouts App to your PC, iPad or tablet.

Teachers will let you know what time they will be online! Younger children might want to bring a favourite toy to show as they may be a bit shy!

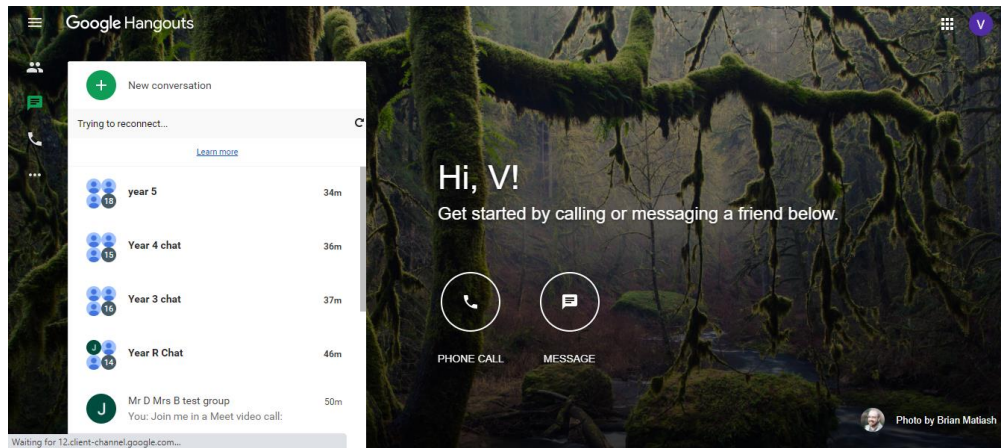

1. Using a web browser: Login to Google classrooms so you can see you usual 'classrooms'

2. Click on the icon with the 9 small dots in the top right corner here then on the hangouts button (you may need to scroll down to see it)

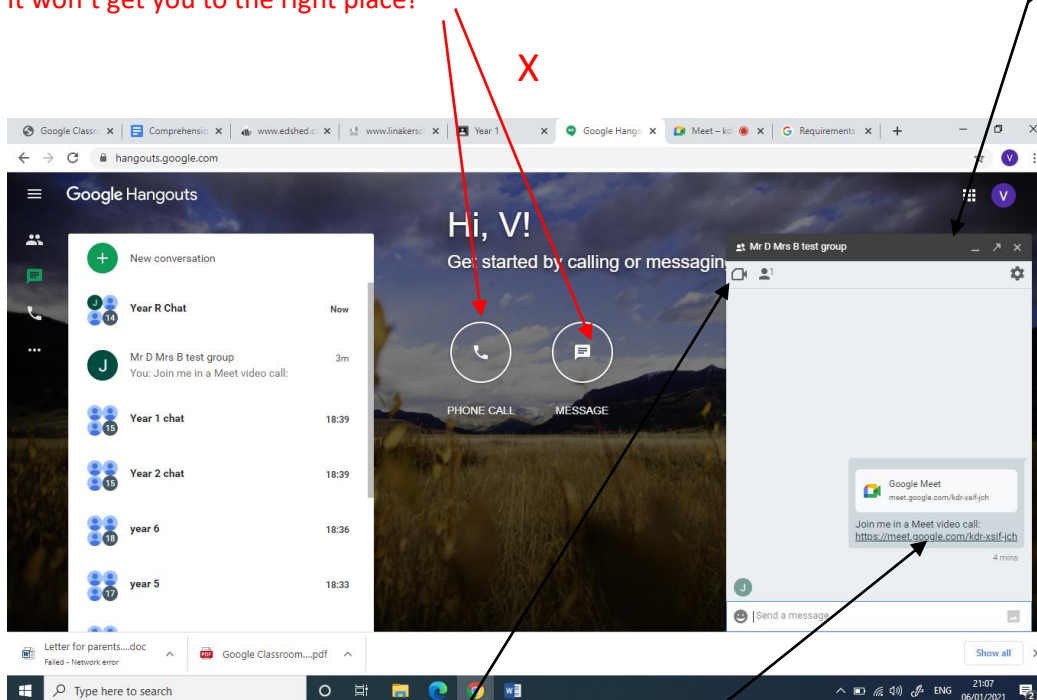

3. A new screen will come up (the pictures are random so might not look like this!)

4. This is the google hangouts screen and you will see the chat thread for your class here once the teacher has opened it

Please note....do not press on these two big buttons in the middle!!

It won't get you to the right place!

5. Click the video button here
6. And a link will pop up inviting you to Google Meet. Use this link and join the hangout meeting. If you get stuck or have any questions, just ask them or type them in the thread or email Mr Dangerfield! Good luck!
